### EASY-TO-USE OFFICE FOLDING MACHINE

Operation is child's play: place the letters to be folded on the feeding tray, press start button and after a few seconds folded letters can be removed from the receiving tray. Considerable time and money is saved, not only with the daily post but with mailings as well.

- precise folding of letters, forms, leaflets from A4 or 12" format to a standard folded letter
- no set-up time
- handles paper weights from 60 – 130 gsm
- feeding tray for up to 300 sheets at a time
- easy operation with two push buttons for "Start" and "Stop"
- folds 300 sheets per minute
- automatic shut off when the last sheet is folded
- compact dimensions, low weight
- feeding and paper receiving trays fold away
- the hinged housing is switched for safety (automatic power cut-off)
- colour: light grey
